

# Leverage Sustainable SUD Funding in Louisiana With Opioid Settlement Fund

## Opioid Settlement Fund Offers Opportunity to Secure Sustainable Funding for Substance Use Disorder (SUD) Treatment

Healthcare organizations in Louisiana can now access additional behavioral healthcare funding as part of the Opioid Settlement Fund administered by the Louisiana Opioid Abatement Task Force (LaOATF), <https://laoatf.org/>.

Here's how:

1. LaOATF advises the AG, sheriffs, and parishes on fund expenditures, but each parish and sheriff determines how funds are allotted at their discretion.
2. LaOATF has no authority to enforce whether funds are spent as intended.

### Fund Allocation

State Share	Local Share	Other Share
0%	80%	20%

### Special Notes

20% to Sheriffs
