

# Leverage Sustainable SUD Funding in Minnesota With Opioid Settlement Fund

## Opioid Settlement Fund Offers Opportunity to Secure Sustainable Funding for Substance Use Disorder (SUD) Treatment

Healthcare organizations in Minnesota can now access additional behavioral healthcare funding as part of the Opioid Settlement Fund administered by the Minnesota Opioid Epidemic Response Advisory Council (OERAC), <https://mn.gov/dhs/opioids/home/>.

Here's how:

1. **State Share:** State legislature allocates funds to established set-asides. Remaining funds are distributed via grants by the Minnesota Department of Human Services as directed by the OERAC.
2. **Local Share:** Determined by local city and county officials.

### Fund Allocation

State Share	Local Share	Other Share
25%	75%	0%
